OBJECTIVES

I am seeking an Organization where I can use my experience and education to help the organization and surpass its goals, take challenges for growing my skill and benefit the company.

PROFESSIONAL OVERVIEW

- Senior/lead software engineer with more than 4 years' experience, specializing in developing Web & Mobile apps, but curious about everything.
- I love solving hard problems, learning new domains, and creating big systems that are manageable and amenable to change.
- In order to help my whole team succeed, I find and remove obstacles, answer a lot of smart questions, and try to ask even more dumb questions.
- Strong communication skill and maintain code of conduct.
